Safraz Sherifudeen

SAFRAZ Sherifudeen - M.B.A.
Chief Executive Officer
VNet Communications

ABOUT US

V-Net Communications (V-NET) is a Guyanese company that specializes in data and voice communication. Established in 2012 under the Business Registration Act of Guyana, the Company has carved out its niche by stepping out of the usual arena of internet connectivity by supporting areas with little or no such infrastructure. We recognize that being able to send and receive information regularly is absolutely crucial in this fast-moving world.

We offer limitless coverage whilst bridging the gap with the outside world at affordable rates. With our goal built on “**Communication Anytime, Anywhere**”, we continue to offer innovative technologies and solutions for expansion, whilst developing and sustaining our stakeholders' value.

OUR VISION

“To enable global connectivity and promote sustainability with the use of smart technologies.”

OUR MISSION

Empower our clients to meet their objectives with our innovations, products and services, no matter where they are, and to exceed their expectations every time, while offering the most suitable solution.
