

Bodycam Solution

Bodycam Benefits from Security Perspective

- Moderates behaviour on both sides – Wearer and Public
- De-escalates anti-social behaviour
- Reduce and quickly resolve complaints and allegations
- Can often prompt early guilty pleas saving time and money
- Recorded footage assists securing fair convictions
- Significantly increases public confidence
- Provides a duty of care blanket to wearers
- Improves overall accountability and transparency

Remote Information Sharing Enables Better Decision Making

- Body worn cameras can provide greater efficiencies across operations teams such as H&S, Compliance, Security Patrols and Emergency Response Units.
- Video footage stored securely in the cloud and shared across teams in multisite locations remotely and in real time.
- Gather all data in one safe secure place and significantly reduce paperwork
